

Chromatic Tuner, Metronome, Tone Generator

GTA7000 / 12417

Features & Benefits

This accurate all-in-one chromatic tuner, metronome, and tone generator is ideal for use with guitar, horns, strings or any other instrument. All three functions can be used simultaneously or individually, allowing you to monitor your tempo and intonation at the same time. Features include multiple rhythms, wide tempo range, variable pitch and volume, and a backlit LCD display with adjustable brightness.
