

Cello / Bass Stand

CS7201 / 14036

Features and Benefits

Complete with a fully and independently adjustable lower yoke, The On-Stage CS7201 Cello Stand delivers stage and studio secure access to the heaviest hitters in the string family. Designed to accommodate either cello or double bass, the CS7201 features EVA padding at all contact points for instrument protection, non-slip feet for secure placement and rear hook / attachment for handy, forget-free bow access.
