

Adjustable Top-Mount Rack Shelf

RSU1000 / 14395

NEW PRODUCT

Features and Benefits

Our RSU1000 Rack Shelf mounts to the top of standard 19" racks, providing a platform that securely holds gear. Sliding, locking brackets adjust to match the width of equipment and hold it firmly in place. The shelf is angled downward for ease of viewing and operating a wide range of devices including mixers, laptops, DJ gear, and AV controllers.
