

Handheld Tambourine

TMB3200 / 14471

Features and Benefits

A rhythm-section mainstay featured in nearly every style and genre of music, our TMB3200 Handheld Tambourine possesses a bold yet musical character that projects through the mix whether used for live performance or studio recording. The stainless-steel jingles produce a high pitch with tonal clarity. A grooved handle provides a natural grip that fends off hand fatigue for long-lasting comfort while playing.
