

U-Mount Percussion Mount with Spline Gear

DA-26P / 10151

Features & Benefits

Our u-Mount Percussion Mount attaches to drum stands, mic stands, music stands, or any round tubing from 16 mm to 25 mm in seconds. The included knurled rod is used to mount percussion instruments or small boom arms and the internal spline enables 360° of pull-and-turn rotation in 26 locking increments.
