

SB96+

Studio Boom Microphone Stand

MICROPHONE STANDS & ACCESSORIES

FEATURES AND BENEFITS

This stand includes nearly everything you need for starting a studio project. At its core is a telescoping vertical shaft and an extra long telescoping boom with a solid steel counterweight. The 40-teeth boom clutch means non-slip locking power. Added to the end of the boom is a Posi-Lok™ mini-boom arm. The four folding legs that lock in place and attached locking casters make for a remarkably stable foundation. And, this studio boom can be taken anywhere as the entire stand folds for travel.

Removable 7" arm extension with Posi-lok™ clutch to adjust mic to any position.

40-tooth boom clutch adjusts boom angle and locks securely.

Extra long telescoping boom w/ solid steel counterweight.

Vertical shaft adjusts from 45"-76" and locks securely with a friction locking knob.

Folding legs with locking device are ideal for travel.

Locking casters provide mobility.

Features like these raise the standards in Studio Booms!

- Telescoping shaft w/ large friction locking knob
- The Posi-Lok™ design combines compact size and locking support at any angle.
- 4 Locking casters provide easy mobility and stability when in the locked position.
