

MS9701TB+

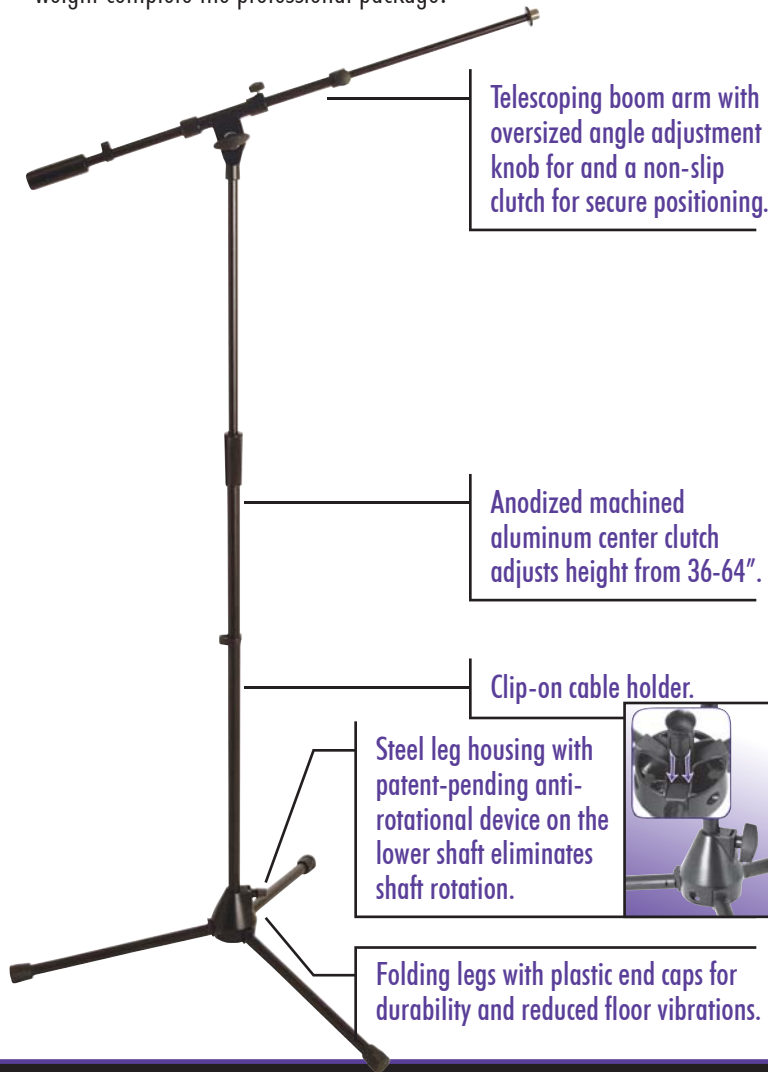

Heavy-Duty Tele-Boom Microphone Stand

MICROPHONE STANDS & ACCESSORIES

FEATURES AND BENEFITS

This heavy-duty stand is built to last! Improved features include all metal parts and steel leg housing, making this stand unbreakable! The ergonomically designed and anodized machined aluminum center clutch combined with a patent-pending anti-rotational device on the lower shaft allows for true one-handed height adjustments. The MS9701TB+ adds a 19-30" tele-boom, which features an oversized angle adjustment knob for and a non-slip clutch for secure positioning. A solid steel 5/8-27" threaded lug, oversized shock mount locking washer and removable steel counter-weight complete the professional package!

Telescoping boom arm with oversized angle adjustment knob for and a non-slip clutch for secure positioning.

Anodized machined aluminum center clutch adjusts height from 36-64".

Clip-on cable holder.

Steel leg housing with patent-pending anti-rotational device on the lower shaft eliminates shaft rotation.

Folding legs with plastic end caps for durability and reduced floor vibrations.
