

# CTA7700

## Clip-On Chromatic Tuner

GUITAR STANDS & ACCESSORIES

### FEATURES AND BENEFITS

This tuner has a vibration sensor as well as a mic, which allows for pitch detection - making our CTA7700 extremely versatile! You can tune alone in a loud setting by using the vibration sensor or tune with others by using the mic. Features include a bright backlit display, 4 modes (chromatic, guitar, bass, violin), chromatic pitch pipe, flat tuning feature, calibration between 430 Hz and 450 Hz. This tuner can clip to most instruments, Band & Orchestra, as well as guitars and basses. A universal swivel joint allows for ample adjustment of the display.

Backlit LED display ensures excellent visibility even on dimly lit stages.

Swivel joint adjusts display for multi-angle positioning.

Clip-on design safely fits a variety of instruments

Compact design can also sit flat on a tabletop

Extremely Versatile!
