

# LSA7700P

## u-mount® Lighting Arms

**BEST-in-SHOW**  
"Gotta Stock It" NAMM 2014

LIGHTING STANDS & ACCESSORIES

### FEATURES AND BENEFITS

Utilizing the proven elliptical enveloping clamp design found on u-mount series products, LSA7700P adds a pair of brace-less, virtually instant-mount side bars to any standard lighting or speaker stand. These side bars can be moved freely up, down, and around the stand. Without obstructive bracing, more fixtures can be mounted in limitless configurations. In addition to the creative possibilities, the LSA7700P drastically reduces set up and tear down times. Because the side bars are freely attachable and removable, and because there are no braces to set, fixtures can remain clamped during transport. And unlike o-clamps, the versatile u-mount clamp is compatible with 1 - 1/2" and 1 - 3/8" pipe. With a 1.5" diameter, aluminum construction, and thick 4mm walls, these unique side bars are up to the task of supporting any modern LED fixture as well as conventional par cans. Sold in pairs.

10.25" between mounting hardware points.

Patented elliptical enveloping clamp allows for quick and secure setups & teardowns.

Mount up to 18 LED's on one stand! The LS7720QIK u-mount Lighting Stand (sold separately) comes with two LSA7700P, allowing for a max of 12 LED par cans. Additional LS7700ARMS allows for a max of 18 LED par cans.

**Extremely VERSATILE!**

No need for a speaker and lighting stand! With the versatile u-mount clamp on the LSA7700P, mount your lighting pars to your speaker stand.

### PRODUCT SPECIFICATIONS

- > **Applications:** Add up to 6 additional pars, 3 per bar
- > **Length:** 29"
- > **Diameter:** 1.5"
- > **Weight Capacity:** 15 lbs. per arm.
