

# M20 THREADED BASES & SHAFTS

## OVER 50 COMBINATIONS

### FREEDOM OF ASSEMBLY

The On-Stage M20 series of modular components — bases, shafts, booms and more — puts the power of stage and studio customization in your hands, right where it belongs. Designed for quick, conveniently reliable adaption, the M20 line features all manner of bases — from tripods for vocals to hexagonal heavyweights for telescoped miking — as well as shafts that accommodate a world of flexible connectivity. Naturally, all feature the precise machining and finest associated steel and aluminum powder-coated metals appropriate for their specific application.
