

# U-Mount Shaft Guitar Hanger

GS7800 / 10648

---

---

## Features & Benefits

Your mic stand can pull double duty as a guitar stand with our u-Mount® Shaft Guitar Hanger that clamps securely to any shaft up to 3/4" in diameter and conserves space by eliminating the need for a separate floor stand. It features a swivelling yoke and a lower bumper that work together to hold and stabilize a guitar while EVA rubber padding on the contact points protect the guitar's finish from dings and scratches.
