

13" Goosenecks

HOT SELLER

Features and Benefits

You've made an important investment in your microphones — don't compromise on their placement. The MSA9030 Series Goosenecks from On-Stage offers three separate lengths (six, thirteen and nineteen inches), each available in black or chrome and featuring pinch point-free, interlocking rolled metal for exceptional strength, flexibility and precise placement. Complete with solid steel, .625" - 27 threaded male and female connectors for universal fit, every all-metal, 2.5 pound weight capacity MSA9030 gooseneck ensures you get the sound you deserve from the mic you love.
