

# Percussion Table

DPT5500B / 13232

## Features and Benefits

The On-Stage DPT5500B, complete with EVA-padded, gear-securing surface, makes the ideal platform for all your percussion instruments and accessories — including laptops and electronics. The aluminum tripod base with non-slip rubber feet supports up to 25 lbs. of gear, while the 18.5" x 18.5" (2.4 square ft.) platform tilts from 0 to 90 degrees for easy access. Height adjustable from 27.5 to 40.5 inches, the DPT5000B also features folding legs for smooth transportation with black powder-coated finish for spotlight ready presentation.
