

Platform for Mic Stand

MSA6000 / 13509

Features and Benefits

A platform as versatile as the performance it supports. The ideal platform for studio monitors, controllers, lights, mixers and more, the 9" square MSA6000 features non-slip rubber padding and a 12 lb. weight capacity. And with .625" - 27 threading, it accepts any standard mic stand as well as space-saving accessories like the On-Stage KSA7575 Quick Release Attachment Bar.
