

Percussion Mount

On-Stage®

DPM2200 / 14850

NEW PRODUCT

Features and Benefits

The DPM2200 Percussion Mount securely holds up to two small percussion instruments in playing position. It clamps to drum-kit hardware, mic stands, and music stands for convenient placement near drummers and other musicians. Two eyebolts accept percussion rods for mounting items such as woodblocks, cowbells, and tambourines. For worry-free performance, tension knobs lock attachments firmly in place.

Specifications

Construction: Chrome-plated steel

Color: Chrome / black

Eyebolt Size: Fits percussion rods up to 11 mm in diameter
