

CLAMP-ON SHEET MUSIC BOOKPLATE FOR MIC STANDS

SMC1500 / 14924

FEATURES AND BENEFITS

Turn your mic stand into a music stand effortlessly with the SMC1500 Clamp-On Sheet Music Bookplate. This attachment, clamping onto your mic stand, provides an 18-inch-wide bookplate for sheet music, books, tablets, and more—eliminating the need for an extra stand. Its 1.5-inch-deep lip accommodates open books or loose pages side by side. Adjust the height for sitting or standing, tilt and swivel the bookplate with a ball joint and attachment clamp. Tighten settings with knobs for secure support. Built-in rods prevent pages from drooping, and their angle is adjustable. Lightweight, foldable, and durably constructed, it's easily portable. The sleek black finish adds a professional touch to your stage or studio setup, remaining scratch-free.
