

HEAVY-DUTY DRUM THRONE

MDT4 / 14955

FEATURES AND BENEFITS

Experience the comfort and strength of the MDT4 Heavy-Duty Drum Throne. The cushioned seat offers support and weight distribution, reducing fatigue. Its saddle-style design allows leg motion, aiding pedal use, while a raised ridge ensures posture during performances, recording, and practice. Height adjusts for pedal control and stick reach, with swivel-type mechanism for precise settings. Metal base with three braced legs provides strength, rubber feet prevent sliding, and 18.9-inch footprint ensures stability. Chrome and black leatherette finish suits any setup. A removable seat and foldable tripod base enhance portability and storage.
