

# Pop Blocker with Replacement Liners

ASVSR6GB / 12822

## Features and Benefits

Perfect for preventing vocal plosives and breath sounds, this 6" Pop Blocker's micro-weave filter diffuses wind noise without altering sound. It clamps to mic stands and booms up to 7 / 8" in diameter and its 12" gooseneck stem adjusts positioning between the source and the mic. Includes 2 replacement filters.

## Specifications

**Application:** Improves vocal recordings

**Vertical Height:** 6"

**Clamp:** C-Clamp with 12" Gooseneck
