

# ADJUSTABLE DESKTOP ROCKER-LUG MICROPHONE STAND DS8200 | 12920

5/8"-27 solid steel threaded lug with locking washer.

Rocker-Lug tilts the shaft 40° off of the vertical. No boom arm needed!

Height adjusts from 9 - 14 1/4".

6" Diameter base with 5 rubber feet for added stability.

## FEATURES AND BENEFITS

Patent-pending Rocker-Lug allows this desktop mic stand to tilt up to a 40° angle, making a boom arm unnecessary for most uses. Tilts and stays in position with no knobs to tighten. Also, the height is adjustable from 9 - 14 1/4". Threaded to fit most mic clips. Convenience and ease-of-use make the Adjustable Desktop Rocker-Lug Mic Stand ideal for home recording; podcasts; DJs; stage performances; and kick drum, amps, and pianos. Floor models are also available.

Our new Rocker-Lug eliminates the need for an added boom arm, yet keeps your setup neat and compact when space is tight.
