

GTA6000

Tune-UP Mini Clip-on Guitar Tuner

GUITAR STANDS & ACCESSORIES

FEATURES AND BENEFITS

Capable of tuning just about anything, the GTA6000 Clip-On Chromatic Tuner is especially well-suited for guitar, bass, ukulele, mandolin, banjo, and similar instruments. The tactile transducer incorporated into the clip picks up vibrations directly through the body of the instrument. This means the GTA6000 works with acoustic or electric instruments without the need for cables. The high contrast 3-color screen offers excellent visibility in any lighting. Sharp, Flat, and In-Tune indicators ensure confident tuning. The secure clip is designed to grip tight without marring finishes, and can be left on during performances for instant reference.

Adjustable rotating head

High contrast 3-color LED screen.

Spring-loaded clip securely grips instrument without marring finishes.
