

KSA7100

Utility Tray for X-Style Keyboard Stands

KEYBOARD STANDS & ACCESSORIES

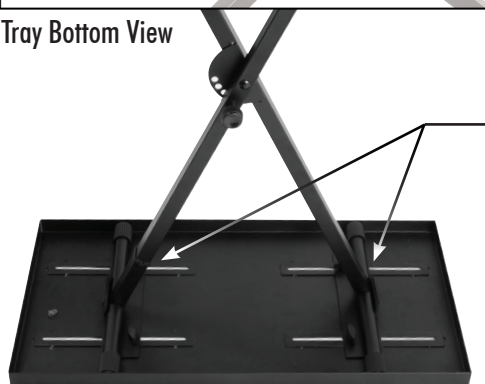

FEATURES AND BENEFITS

Need more workspace around the studio or on stage? Then the KSA7100 is for you! The KSA7100 mounts to any On-Stage X-Style keyboard stand*, instantly turning it into a 28" x 14.5" table top. It is perfect for mixers, turntables, drum machines, computers, lighting controllers, monitors or anything else you need at working height. It even makes a great trap stand for percussion instruments. Adjustable bottom-mounted brackets accommodate the height/width settings of your keyboard stand. It's never been easier to add a full-size utility tray to your setup.

The adjustment slots allow the brackets to slide to fit your keyboard stand setup.

Tray Bottom View

Brackets slide to brace the keyboard tray against the keyboard support arms. Tension locking knobs secure the tray to keyboard stand arms. EVA Pressure pads line the inner bracket arm to secure the tray in place.

*Keyboard stand not included.

Extremely Versatile

Great for Lighting Boards/Controllers, DJ Turntables, Midi Pad Controllers, Drum Machines, Mixers/Mixing Boards, Laptops, Equipment Racks, Monitor Speakers, Keyboard, Percussion Instruments (xylophone, shakers, bells, cowbells, etc.)
