

BARITONE SAX STAND

SXS7501B | 12578

— Black velveteen rubber on all contact surfaces to not damage the finish of your instruments

— Friction locking knobs adjust height from 26"-29"

— High-impact plastic leg-housing folds flat for convenient storage and travel

— Double yoke support cradles your instrument at the proper angle to hold your instruments securely

— Rubber end caps for added stability

FEATURES AND BENEFITS

The adjustable upper yoke support on this stand securely holds 1 large baritone saxophone. The lower cross yoke can be adjusted for 2 positions to ensure that your instrument is cradled and balanced securely. A tension locking knob allows for height adjustments for sitting or standing positions and the tripod folding leg base and removable yoke assembly make this stand ideal for storage and travel.

Our SXS7501B features high-impact plastic leg housing and friction locking knobs, making height adjustments quick and easy.
